Great Coffee. Just visited Kobricks' roasting facility and these guys really put their heart into creating their product. There is a reason their coffee is used by fine hotels and restaurants across the US - they do a great job and consistantly produce fine coffees. The very good rating [as opposed to the "Perfect!" rating is due to the fact that I only give "Perfect!" ratings to Italian and other fine European coffees as 400 years of experience and expertise goes into a "Perfect!" shot of espresso]

**Rating:**

Very good
